

## Data Sources

Hep Elimination data were collected using publicly available information exclusively.

Question	Source
Does the state have a viral hepatitis elimination plan?	<ul style="list-style-type: none"> <li>State Department of Health website</li> </ul>
If yes, is there a commitment to publish progress reports on at least an annual basis?	<ul style="list-style-type: none"> <li>Elimination plan, State Department of Health website</li> </ul>
If yes, are people with lived/living experience included in the development process?	<ul style="list-style-type: none"> <li>Elimination plan, State Department of Health website</li> </ul>
Are syringe service programs (SSPs) legal?	<ul style="list-style-type: none"> <li><a href="#">Syringe Service Program Laws, LawAtlas</a></li> <li>State/jurisdiction code of laws</li> </ul>
Is there a state law expressly authorizing SSPs?	<ul style="list-style-type: none"> <li><a href="#">Syringe Service Program Laws, LawAtlas</a></li> <li>State/jurisdiction code of laws</li> </ul>
If yes, is it a needs-based law, or does it require a 1 for 1 item trade for needles and syringes?	<ul style="list-style-type: none"> <li><a href="#">Syringe Service Program Laws, LawAtlas</a></li> <li>State/jurisdiction code of laws</li> </ul>
Are there Good Samaritan Laws in place to protect persons who assist others that are experiencing a substance use-related medical emergency?	<ul style="list-style-type: none"> <li><a href="#">Good Samaritan Overdose Prevention Laws, Prescription Drug Abuse Policy System</a></li> <li><a href="#">Legal Interventions to Reduce Overdose Mortality: Overdose Good Samaritan Laws, The Network for Public Health Law</a></li> <li>State/jurisdiction code of laws</li> </ul>
Are there laws in place to protect persons seeking medical assistance for a substance use-related medical emergency that they are experiencing?	<ul style="list-style-type: none"> <li><a href="#">Good Samaritan Overdose Prevention Laws, Prescription Drug Abuse Policy System</a></li> <li><a href="#">Legal Interventions to Reduce Overdose Mortality: Overdose Good Samaritan Laws, The Network for Public Health Law</a></li> <li>State/jurisdiction code of laws</li> </ul>
Is possessing substance use/injection drug use equipment ('works') legalized, decriminalized, or illegal?	<ul style="list-style-type: none"> <li><a href="#">Syringe Possession Laws, LawAtlas</a></li> <li><a href="#">Syringe Service Program Laws, LawAtlas</a></li> <li>State/jurisdiction code of laws</li> </ul>
Where IDU equipment is illegal, is there an exemption for syringes received from an SSP?	<ul style="list-style-type: none"> <li><a href="#">Syringe Possession Laws, LawAtlas</a></li> <li><a href="#">Syringe Service Program Laws, LawAtlas</a></li> <li>State/jurisdiction code of laws</li> </ul>

Question	Source
If a viral hepatitis elimination plan has been drafted and been made available to the public, have funds been specifically allocated to implement the plan's strategies?	<ul style="list-style-type: none"> <li>▪ Elimination plan, State Department of Health website</li> </ul>
Do the state budget allocations mention viral hepatitis?	<ul style="list-style-type: none"> <li>▪ State budget</li> </ul>
Do the state budget allocations mention elimination?	<ul style="list-style-type: none"> <li>▪ State budget</li> </ul>
Does the state corrections budget mention viral hepatitis?	<ul style="list-style-type: none"> <li>▪ State Department of Corrections budget</li> </ul>
If yes, does it specify hepatitis C treatment allocations?	<ul style="list-style-type: none"> <li>▪ State Department of Corrections budget</li> </ul>
Does the jurisdiction provide/distribute viral hepatitis educational information and materials geared towards the public?	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> </ul>
If yes, do they provide perinatal information/education for HBV and HCV?	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> </ul>
Did the jurisdiction expand Medicaid?	<ul style="list-style-type: none"> <li>▪ <a href="#">Where States Stand on Medicaid Expansion, National Academy for State Health Policy</a></li> <li>▪ <a href="#">Status of State Medicaid Expansion Decisions: Interactive Map, Kaiser Family Foundation</a></li> </ul>
Does the jurisdiction offer or recommend provider training to increase workforce capacity to treat more people with viral hepatitis?	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> </ul>
If a plan has been drafted and made available to the public, does it include strategies to offer DAA treatment for HCV to all persons with a confirmed HCV diagnosis held in state corrections in accordance with the AASLD/IDSA treatment guidelines?	<ul style="list-style-type: none"> <li>▪ Elimination plan, State Department of Health website</li> </ul>
If no plan exists or state corrections are not mentioned in the state's viral hepatitis plan, does a separate state-drafted guidance for the standard of care for HCV in state corrections exist – that was NOT drafted subsequent to viral hepatitis treatment access litigation brought against the jurisdiction – that provides DAA treatment for all persons with a confirmed HCV diagnosis held in state corrections in accordance with the AASLD/IDSA treatment guidelines?	<ul style="list-style-type: none"> <li>▪ State Department of Corrections website</li> </ul>
If a separate standard also does not exist, has there been litigation within the jurisdiction or a region of the jurisdiction (e.g., city or county) that has prompted changes to be made regarding hepatitis screening and treatment within corrections facilities?	<ul style="list-style-type: none"> <li>▪ <a href="#">Hepatitis C and Corrections in the News, National Hepatitis Corrections Network</a></li> </ul>

Question	Source
<p>Does the jurisdiction utilize or provide support for (financial and/or in-kind) targeted interventions to expand access to viral hepatitis prevention, testing, and treatment services to key populations (e.g., BIPOC communities, people experiencing homelessness, people who use drugs) disproportionately affected by viral hepatitis? (Such interventions include but are not limited to mobile outreach units, non-traditionally located/on-location services, and programs targeting specific racial or cultural communities)</p>	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> <li>▪ Community partner(s) websites</li> </ul>
<p>If no, are there non-governmental programs/community organizations located within the jurisdiction that are providing the aforementioned interventions to the key outreach populations listed above (as well as others) that are receiving funding from the federal government (HRSA, SAMHSA or another agency), or some other source?</p>	<ul style="list-style-type: none"> <li>▪ Community organization/harm reduction program(s) websites</li> </ul>
<p>Does the jurisdiction provide linguistically diverse informational materials on viral hepatitis prevention, screening, and treatment?</p>	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> </ul>
<p>If yes, list languages available</p>	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> </ul>
<p>Is there an enduring collaborative network (i.e., task force, steering committee, etc.) within the state that is cross-cutting amongst state agencies, community organizations, advocacy groups, and healthcare providers to plan and coordinate activities and leverage resources?</p>	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> <li>▪ <a href="#">Coalition Building, National Viral Hepatitis Roundtable</a></li> </ul>
<p>If yes, does the jurisdiction lead this collaboration?</p>	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> <li>▪ <a href="#">Coalition Building, National Viral Hepatitis Roundtable</a></li> </ul>
<p>If yes, are people with lived/living experience part of this collaboration?</p>	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> <li>▪ <a href="#">Coalition Building, National Viral Hepatitis Roundtable</a></li> </ul>
<p>Hepatitis C: State of Medicaid Access Grade</p>	<ul style="list-style-type: none"> <li>▪ <a href="#">Report, Hepatitis C: State of Medicaid Access</a></li> </ul>
<p>Has the state recently published a comprehensive viral hepatitis epidemiological report/profile (within the last two (2) years) that includes data on HAV, HBV, and/or HCV?</p>	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> </ul>
<p>Does a jurisdiction have a public-facing website with regularly updated (within the last 2 years) viral hepatitis epidemiological data included on it?</p>	<ul style="list-style-type: none"> <li>▪ State Department of Health website</li> </ul>
